

Enterprise System Catalog

Kennedy Solutions Inc.

Published pursuant to California Government Code § 6270.5 (SB 272)

Last Updated: 2026 | Annual update required per Government Code § 6270.5

About This Catalog

Senate Bill 272 (SB 272), signed by Governor Brown in October 2015, added Section 6270.5 to the California Public Records Act. It requires all local agencies — including independent special districts — to create and annually update a catalog of enterprise systems that store, collect, exchange, or analyze information about the public, and to post that catalog on their website.

System Catalog

Field	Details
System Name	CivAssist
Vendor	Kennedy Solutions Inc.
Purpose	Agenda & minutes management, public records requests, board meeting workflow, web hosting
Data Collected	Board member information, public records request submissions, meeting records
Primary Custodian	District Clerk
Data Update Frequency	Per meeting cycle / as submitted

Excluded Systems: Per Government Code § 6270.5, this catalog does not include cybersecurity systems, infrastructure and mechanical control systems, or information that would reveal vulnerabilities in the agency's IT systems.

This catalog is published pursuant to California Government Code § 6270.5 (SB 272) and is updated annually. For questions, contact Kennedy Solutions Inc.
